

PlasmaBeam OEM

TECHNICAL DATA

Version	Tabletop	Intermediate transformer
Width	370 mm	205 mm
Height	140 mm	115 mm
Depth	330 mm	230 mm
Plasma generator	Max. Ø 32 mm; Length 210 mm Weight approx. 0,5 kg (plus cable) Cable length 3 m zum Plasmaerzeuger Cable length 5 m connecting cable between supply unit and Transformer	
Treatment width	8 - 12 mm	
Generator	40 kHz / 300 W Other generator power versions available on request	
Process and cooling gas	Dry, oil-free compressed air Input pressure 5 - 8 bar Gas consumption approx. 2 m ³ / h	
Gas connection	Quick-connect Schott connection, 6 mm	
Controls	Semi-automatic - via SUB-D connector at the rear panel (switches plasma on and off).	
Power supply	230 V, 50 / 60 Hz	

All values approximate
